A flowchart illustrating a data processing pipeline. The process begins with a black rectangular node labeled 'R_MPinv' on the left. Three blue arrows originate from its right side, pointing to three separate white rectangular nodes: 'C_MPinv' (top), 'ncol' (middle), and 'nrow' (bottom). A fourth blue arrow points from the right side of the 'C_MPinv' node to a final white rectangular node labeled 'CR_svd' on the far right.
