

R_ExpectCovarInfluence

```
graph LR; R[R_ExpectCovarInfluence] --> C[C_ExpectCovarInfluence]; R --> ncol[ncol]; R --> nrow[nrow];
```

A diagram illustrating the relationships between several variables. A central gray box labeled 'R_ExpectCovarInfluence' has three arrows pointing to other boxes: 'C_ExpectCovarInfluence' (top right), 'ncol' (middle right), and 'nrow' (bottom right). All boxes have black borders, and the arrows are dark blue.
